Driving Assessment

Life begins at Cedar Village.

Welcome. Cedar Village is a not-for-profit retirement community,

located in Mason, Ohio. We offer a wide range of services, and the care of our residents is our first priority. We celebrate the individual and

provide residents of the Greater Cincinnati community with the highest quality healthcare, senior residential and community services, in keeping with Jewish values. Our vision is that aging will be a fulfilling and enriching experience for older adults and their families and our work is focused on that objective. ■

Cedar Village Driving Assessment

Our driving assessment program provides objective information about a person's ability to drive safely. Whether someone is recovering from an illness or injury, has completed rehabilitation, or is just concerned about their driving skills, the driving assessment program focuses on helping people determine if they can continue to, or resume, driving safely and ways that they might improve their ability to function behind the wheel.

What is included in the assessment?

This off-road evaluation includes assessment of perception, cognition, and attention skills; reaction time; active range of motion and strength; as well as vision testing and knowledge of road signs.

How long does the assessment take?

The assessment takes approximately two hours to complete.

Who performs the assessment?

The assessment is conducted by a specially trained Cedar Village Occupational Therapist. Cedar Village has partnered with a local driving school for the in-car portion of the assessment in a dually equipped vehicle following successful completion of the off-road evaluation.

Who can be referred?

The driving assessment is a recommendation for any licensed driver to assure safe operation of a motor vehicle. The Cedar Village Driving
